Premium Urethane: Top grade 101A urethane in well-designed custom shapes. The standard for all wheels unless stated.

Featherlight: 60% lighter than the standard wheel. The injected molded core is hollowed out, reducing the weight and increasing the speed. Two designs: one housing a traditional bearing, the other the new featherlight micro bearing.

P Prese Points: Smooth mold 95A urethane provides an excellent ride at an exceptional price.

Revolution: Hard, Fast, Loud – urethane designed and used exclusively by Revolution Wheels.

exclusively by Revolution Wheels.

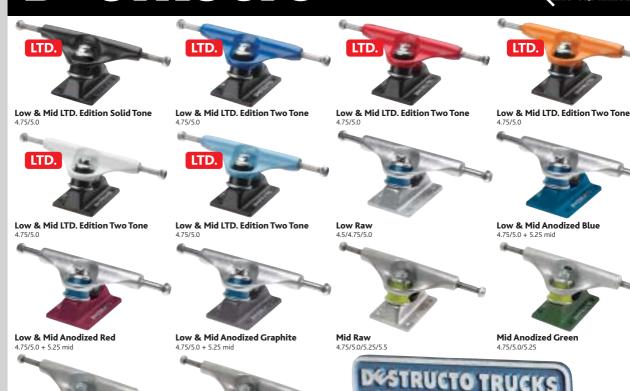

Revolution Hollowcore: the urethane hub incorporates a micro bearing making them 40% lighter than standard wheels.
